RE: CONFIDENTIALITY REQUEST FOR Pendant, 2ACB6-TT3002

To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the Block diagrams, Schematics, and BOM required to be submitted with this application be permanently withheld from public review.

Since this design is a basis from which future technological products will evolve, Touchtown, Inc. feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Pepper", with a long, sweeping horizontal line extending to the right.
